

WHILL Model Ci Power Wheelchair

The new era of personal mobility has finally arrived. The WHILL Model Ci is a revolutionary approach to power mobility that uniquely boosts user confidence and evokes an active, can-do lifestyle. Its premium performance and superb engineering provide versatility and reliability to experience all-day adventures.

- Smaller footprint than traditional power mobility devices.
- Up to a 45% tighter turning radius than tiller operated mobility devices.
- Patented front omni-wheels for tight turning and superb terrain coverage.
- Large under seat basket to securely store your belongings and groceries.
- Equipped with two powerful motors and engineered for superb stability.
- Electromagnetic brakes provide safe stopping, even on inclines.
- An anti-sway system keeps you driving straight on side slopes.
- Model Ci can be easily adjusted from seat height and back support angle to controller position (right or left drive) to create a comfortable driving experience.
- Quickly disassembles into three lightweight components for easy transport or storage. [View Configuration Video](#)
- Control remotely and manage speed settings with the iPhone and Android (Android app currently does not offer remote driving capabilities).
- Charge your mobile devices with a built-in USB port.
